Abstract

This document provides an introduction to R Markdown, argues for its...

Introduction

Introduction

Lorem ipsum dolor *sit amet*.

- Single asterisks italicize text *like this*.
- Double asterisks embolden text **like this**.

Start a new paragraph with a blank line separating paragraphs.

- This will start an unordered list environment, and this will be the first item.
 - This will be a second item.
 - A third item.
 - Four spaces and a dash create a sublist and this item in it.
 - The fourth item.
1. This starts a numerical list.
 2. This is no. 2 in the numerical list.

This Starts A New Section

This is a Subsection

This is a Subsubsection

This starts a Paragraph Block.

This will create a block quote, if you want one.

Want a table? This will create one.

Table Header	Second Header
Table Cell	Cell 2
Cell 3	Cell 4

Note that the separators *do not* have to be aligned.

Want an image? This will do it.

Figure 1: caption for my image

fig_caption: yes will provide a caption. Put that in the YAML metadata.

Almost forgot about creating a footnote.¹ This will do it again.²

Want to cite something?

¹The first footnote

²The second footnote

- Find your biblatexkey in your bib file.
- Put an @ before it, like ?, or whatever it is.
- ? creates an in-text citation (e.g. Smith (1984) says...)
- (?) creates a parenthetical citation (Smith, 1984)

That'll also automatically create a reference list at the end of the document.

In-text link to Google as well.
